COVERAGE

NATIONAL COVERAGE

RS Turia has its **own branches in the Mediterranean arc and Aragon.** In the rest of Spain we have **partners that allow us to cover practically the entire national territory.**

Currently we cover all the Communities except for Extremadura, Asturias and Cantabria. We are now in process of closing agreements with different partners in order to guarantee coverage in 100% of Spain.

INTERNATIONALLY
FOCUSED

Members of TEMOT Group

TEMOT International is a leading global network of Warehouse Distributors operating in the automotive aftermarket, focused on service and maintenance of all types of vehicles. It was founded in 1994, with headquarters in Germany. The organization consists today of 115 members, spread in more than 110 countries all over the 5 continents with a purchase volume of over 11 billion euros.

The objective of the organization is implementing measures for an efficient development in the processes and promote sustainable growth for the shareholders.

Benefits of having a global partner like RS Turia

For our clients, the fact that **RS Turia** forms part of **TEMOT International**, has innumerable benefits:

- **Significant reduction in expenses:**
  - Logistics
  - Administrative tasks
  - Time
- **Better conditions:** grouping of purchases increases billing and this makes it easier to improve commercial conditions.
- Easier to process **guarantees.**
- The advantage of having a **single interlocutor.**
